Equality and Diversity Policy (Equal Opportunities)

Last Updated: November 2025 Review date: November 2027

Aims

Sweet Science Foundation recognises that in our society power is not held equally and that groups and individuals have been and continue to be discriminated against on many grounds including, for example, race, sex, age, disability, sexual orientation, class, religion, marital status and where they live.

Sweet Science Foundation also recognises that where direct or indirect discrimination occurs within the Sweet Science Foundation, it is both morally and legally unacceptable.

The purpose of the Equality and Diversity Policy is to set out clearly and fully the positive action Sweet Science Foundation intends to take to combat direct and indirect discrimination in the organisation, in the services it provides and in its relationships with other bodies.

In adopting this Equality and Diversity Policy, Sweet Science Foundation is also making an unequivocal commitment to implementing it, so as to ensure that equal opportunity becomes a reality.

Code of Practice

- Sweet Science Foundation provides activities, guidance and assistance for children and young adults. The group will take action to ensure that group activities and events are open and welcoming to everybody takes participation.
- We aim to make our meetings and events accessible to people with disabilities – e.g. meet in accessible premises, provide sign language interpreters when necessary and produce information in large print.
- We aim to use local training opportunities to help our committee and members better understand how discrimination occurs and how to prevent it.
- We organise regular women only meetings and activities, to support women to play a full and equal role in the group.

- All members of Sweet Science Foundation will have the Equality and Diversity Policy explained to them and will undertake to comply with and implement this policy.
- Members who have experienced discrimination can make complaints to the Coach/Mentor. If the Coach/Mentor is unable to resolve the complaint, it will be referred to Leroy Nicholas, Sweet Science Foundation Chief Executive Officer.
